COMMENTS:

I have ^{previously} listened to and read the statements for each line. This is a government enterprise & I see no reason that a corridor could not be made through the test site to transport the waste. national security or not. To have it make a huge circle around the state is insane. The proposed ^{route} goes through Shoshone land. Have the Shoshones been ~~consulted~~ consulted and given their OK. I have also been told that the power plant wants to ship their newer (more radioactive) wastes 1st. What difference will that make? Most of us do not want the waste here at all so it is an affront to propose this winding route & the

Please note: Your comment(s) must be received by the Department of Energy by June 1, 2004 to be ^{cast &} considered. Comments received after the close of the comment period will be considered to the extent ^{practicable}.

If you prefer to mail your comments, you may use the back side of this sheet as a postage-paid, self-mailer. To do so, fold in thirds along the dotted line so the address and postage-paid notice are visible, then secure with tape.

Please feel free to attach additional pages (if mailing, more postage may be needed).
